

The first young adult center of its kind depends on you!

The time is now.

We are more than halfway to our \$40 million Capital Campaign goal! We urgently need your help to cross the finish line ...

With your support, this post-acute facility will be a haven where our residents can transition safely into adulthood.

Give now as cash or a multi-year pledge, appreciated securities or foundation grants.

Our young adults and their families thank you!

YOUNG ADULT CENTER
