Seton
Children's

CELEBRATING

35

YEARS OF
**Faith, Hope
& Excellence**

2024

A year of building momentum

In 2024, our Elizabeth Seton Children's community celebrated its 35th year of delivering medical, special education and therapeutic services that change lives. From adding cutting-edge technologies to benefit patients at Elizabeth Seton Children's Rehabilitation Center to making tremendous strides toward opening the doors of our future young adult center, we are continuing to set the bar for what it means to transform the landscape of health care and education for children and young adults living with medical complexity.

We are grateful for the profound difference that each of you has made as part of our Seton family. You have had an incredible impact in the lives of the nearly 3,000 children and their families who we served last year; your generosity is a powerful force.

Thank you for your passion and commitment – past, present and into the future.

1988

Founded in
New York City

2006

Launched first, pediatric
long-term ventilator care
program in New York

2010

Acquired Elizabeth Seton
Children's Rehabilitation Center

Dear friends,

Sacred Scripture reminds us to “fan into flame the gift of God” (2 Timothy 1:6). It is a charge not only to preserve, but to ignite: to keep the fire of charity, courage and hope burning in all we do.

And like our foundress, St. Elizabeth Seton, and our sponsors, the Sisters of Charity, we have wholeheartedly embraced this call – transforming the lives of thousands of extraordinary young people and their families since 1988.

2024 marked our 35th anniversary and it was a year filled with gratitude for all the milestones we’ve reached and excitement for those yet to come. At the same time, the Sisters continued to chart their “path to completion,” and we are honoring their legacy by living their charism into the future as “Keepers of the Flame.”

Looking ahead, we are filled with hope and joyful anticipation for our young adult center, which will be the first center of its kind in the world for young adults with complex medical needs. With our successful closing and groundbreaking, our mission flame is burning brighter than ever before!

While much progress has been made, more work remains. We seek your continued generosity to raise \$18 million in working capital to open our doors in early 2028. Echoing Mother Seton’s rallying cry to “Hazard Yet Forward,” will you continue on this journey with us?

St. Elizabeth Seton believed that, with a faithful community who listened and responded to the needs of the time, all things were possible in service of the most vulnerable. With your loving support, our cherished children and young adults will always have a home and a place where they belong. Together, we will carry our mission forward for generations to come.

With deep gratitude,

Pat Tursi

Pat Tursi
CEO

2012
Opened 137-bed, state-of-the-art Elizabeth Seton Children’s Center in Yonkers

2017
Built 32-bed expansion in Yonkers

2021
Successfully advocated for demonstration legislation to create young adult center

2025
Commenced construction on young adult center

LIFE-CHANGING

Technology & Care

At Elizabeth Seton Children's Rehabilitation Center, witnessing a child who uses a wheelchair stand to kick a soccer ball for the very first time or celebrating a child who can now enjoy a meal around the dinner table after receiving feeding therapy are blessed moments. For family members, watching their child accomplish their goals, while experiencing the joys of childhood, is truly invaluable.

This is why we must continue to answer the call to serve.

New, innovative equipment goes beyond clinical outcomes. It helps us continue to meet our children's evolving needs so they can enjoy the fullness of life. Your generous grants and donations make it all possible.

Advancing Rehabilitation Through Philanthropy

After granting a C-MILL VR+ treadmill in 2022, **The Alfred E. Smith Memorial Foundation** contributed a second, unprecedented \$150,000 gift to modernize our rehabilitation center in 2024. Their generosity funded new equipment for the therapy gym, speech therapy program and hydrotherapy pool and also supported infrastructure changes to meet the increased demands of this high-powered technology.

A \$125,000 gift from the **Mother Cabrini Health Foundation** allowed us to purchase advanced gait-training equipment to help younger children increase their mobility. This provides opportunities for hands-free and self-determined walking, which steadily moves our patients toward a brighter, more independent future.

Ongoing support from the **Sisters of Charity** continued to fund VitalStim, a breakthrough neuromuscular electrical stimulation device that makes it possible for those with severe swallowing difficulties to eat. We now have three VitalStim units and six speech and language pathologists who use them daily in therapy.

A PORTRAIT OF PERSEVERANCE: ANTHONY'S STORY

Seventeen-year-old Anthony is a spirited teenager who loves his family, sports and laughing with friends. Today, he's preparing his college applications and looking forward to giving back by volunteering at our rehabilitation center that has been so formative to his life.

Diagnosed with epilepsy as an infant, Anthony experienced a post-surgical infection at 18 months that resulted in extreme loss of movement. To help Anthony reach his greatest potential, his parents enrolled him in Elizabeth Seton Children's School where he attended full-day preschool and received therapy at our adjoining rehabilitation center.

Over the course of many years, and with the use of the latest technology and equipment, Anthony has increased his range of motion, strengthened his body and built his confidence. His mother, Claudia Pastore, believes that early access to the expert care provided by our team, coupled with Anthony's grit and determination, have allowed her son to make remarkable strides and truly discover himself.

As he looks to the future, Anthony is not only sketching his dreams as an aspiring illustrator, he's drawing inspiration from the care and compassion that helped him thrive.

A Global First for Young Adults

Thanks to incredible advances in medicine, technology and quality services, more teens and young adults with profound medical conditions are living longer, healthier lives. However, for the parents of the children we serve, their child's 21st birthday is a milestone filled with angst because, at this crossroads, these young people age out of pediatric care.

What awaits them at 21 too often is a broken system: nursing homes meant for the elderly or institutions that simply cannot meet their needs. The results are heartbreaking: diminished care, a decline in quality of life and, even more tragically, untimely deaths.

Currently, more than 50 Elizabeth Seton Children's Center residents are over age 21. Our \$156 million, five-story, 96-bed center will provide exceptional, 24-hour skilled nursing, respiratory and medical services, rehabilitation therapies, palliative care, therapeutic recreation, social work, spiritual care, nutrition, on-site specialty clinics and more.

This haven will ensure that turning 21 is no longer a moment of fear and uncertainty. Instead, it will signal a new chapter of hope and possibilities – where young people can continue to grow and families can find lasting peace of mind knowing their children will always have a place where they belong at Elizabeth Seton Children's.

Breaking New Ground

In 2024, we took meaningful steps to bring the young adult center to fruition.

This progress culminated with the momentous financing and groundbreaking of this new home in August 2025. Thanks to you, our magnanimous donors, along with the staunch support of our elected officials, regulators and community partners, our dreams are coming true.

While we have made great progress, we still need to raise \$18 million to operationalize. We ask that you please join us in this urgent and final phase.

Together, we can bridge the gap and bring this pioneering center to life.

When we open the doors in early 2028, our young adults will experience unparalleled care and vibrant programming.

This trailblazing center will carry forward the love and clinical excellence that are the hallmarks of Elizabeth Seton Children's – creating a seamless path on the journey from childhood into adulthood and ensuring our residents continue to receive the specialized support they have always known and deserve.

"BELLA NOTTE" 2024: GOING THE DISTANCE

"Go the Distance" was more than a theme at our annual "Bella Notte" gala; it was a powerful reflection of our community's determination to create our young adult center.

One of the evening's most heartfelt moments came when Ms. Lane, the mother of children's center resident, Sha'de, shared how her family's faith and trust in God gave her the strength and resilience to lift up.

Sha'de is 24 years old and has lived at the children's center since 2016 after suffering a traumatic brain injury. With courage and grace, Ms. Lane expressed deep appreciation that her daughter receives the highest quality care and opportunities to experience the fullness of life every day with loving caregivers who have become family.

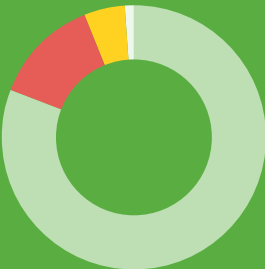

For years, Ms. Lane said she worried what the future would hold when her daughter aged out.

That question, she affirmed, finally has a solution and her prayers have been answered.

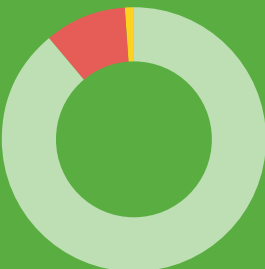

Ms. Lane called on everyone in the room to join her in helping Elizabeth Seton Children's cross the finish line and raise the funds needed for this new home for Sha'de and her peers who have defied the odds. "I hope, together, we can make this young adult facility a reality," she continued, "and show the world exactly what we can do."

Ways to Give

ONLINE

Please visit setonchildrens.org/donate or scan the QR code.

MAIL

Make your check payable to **Elizabeth Seton Children's Foundation** and send to:

Attn: Advancement Office
300 Corporate Boulevard South
Yonkers, NY 10701

Please note on your check or with a letter if the gift is a tribute or to be restricted in any way.

PHONE

Contact Jaime Ronco, Events and Donor Relations Manager, at (914) 294-6193.

RECURRING GIFTS

A recurring gift is an easy way to give each month and provide sustained support to create opportunities that our children and young adults can count on all year long. To learn more, please contact Jaime Ronco at jronco@setonchildrens.org or (914) 294-6193.

TRIBUTES & MEMORIALS

Tributes and memorial gifts are meaningful ways to celebrate a milestone or honor the life of a loved one while also making a difference in the lives of the very special children and young adults we serve. To learn more, please contact Jaime Ronco at jronco@setonchildrens.org or (914) 294-6193.

MATCHING GIFTS

By taking advantage of your employer's matching gift program, you may double the amount of your charitable contribution. Some companies even match gifts made by retirees and/or spouses. Visit setonchildrens.org/double-your-donation to check your eligibility.

PLANNED GIFTS & STOCK

A planned gift is a wonderful way to provide a legacy of impact. Gifts made through a will, trust, retirement account, life insurance policy or stock transform lives today while safeguarding the future of our family of organizations for years to come. Please visit setonchildrens.org/planned-giving to learn more.

IN-KIND GIFTS

Our in-kind gift experience lets you choose a special item for an individual child or young adult based on their unique wishes and needs. To learn more, please contact Jaime Ronco, Events and Donor Relations Manager, at jronco@setonchildrens.org or (914) 294-6193.
